

STUDIO K.

DURBAN'S LEADING E-COMMERCE PHOTOGRAPHY AND CONTENT STUDIO

STUDIO  IRMACK
PHOTOGRAPHIC PARTNER

PUT YOUR PRODUCT IN THE SPOTLIGHT!

StudioK is an all-in-one compact photographic studio for professional e-commerce photography.

Featuring automatic background removal, you can create ready-to-use on-model, packshots, 360° spins and videos in minutes.

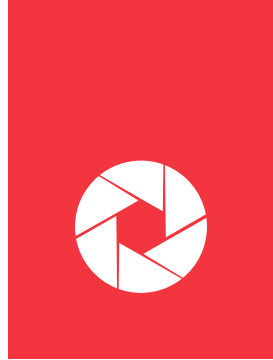

LET YOUR PRODUCTS SHINE

Optimise your content production with automated product photography. Equipped with a large backlit turntable and full-sized powerful LED lights we can accommodate a wide range of products including live models and mannequins.

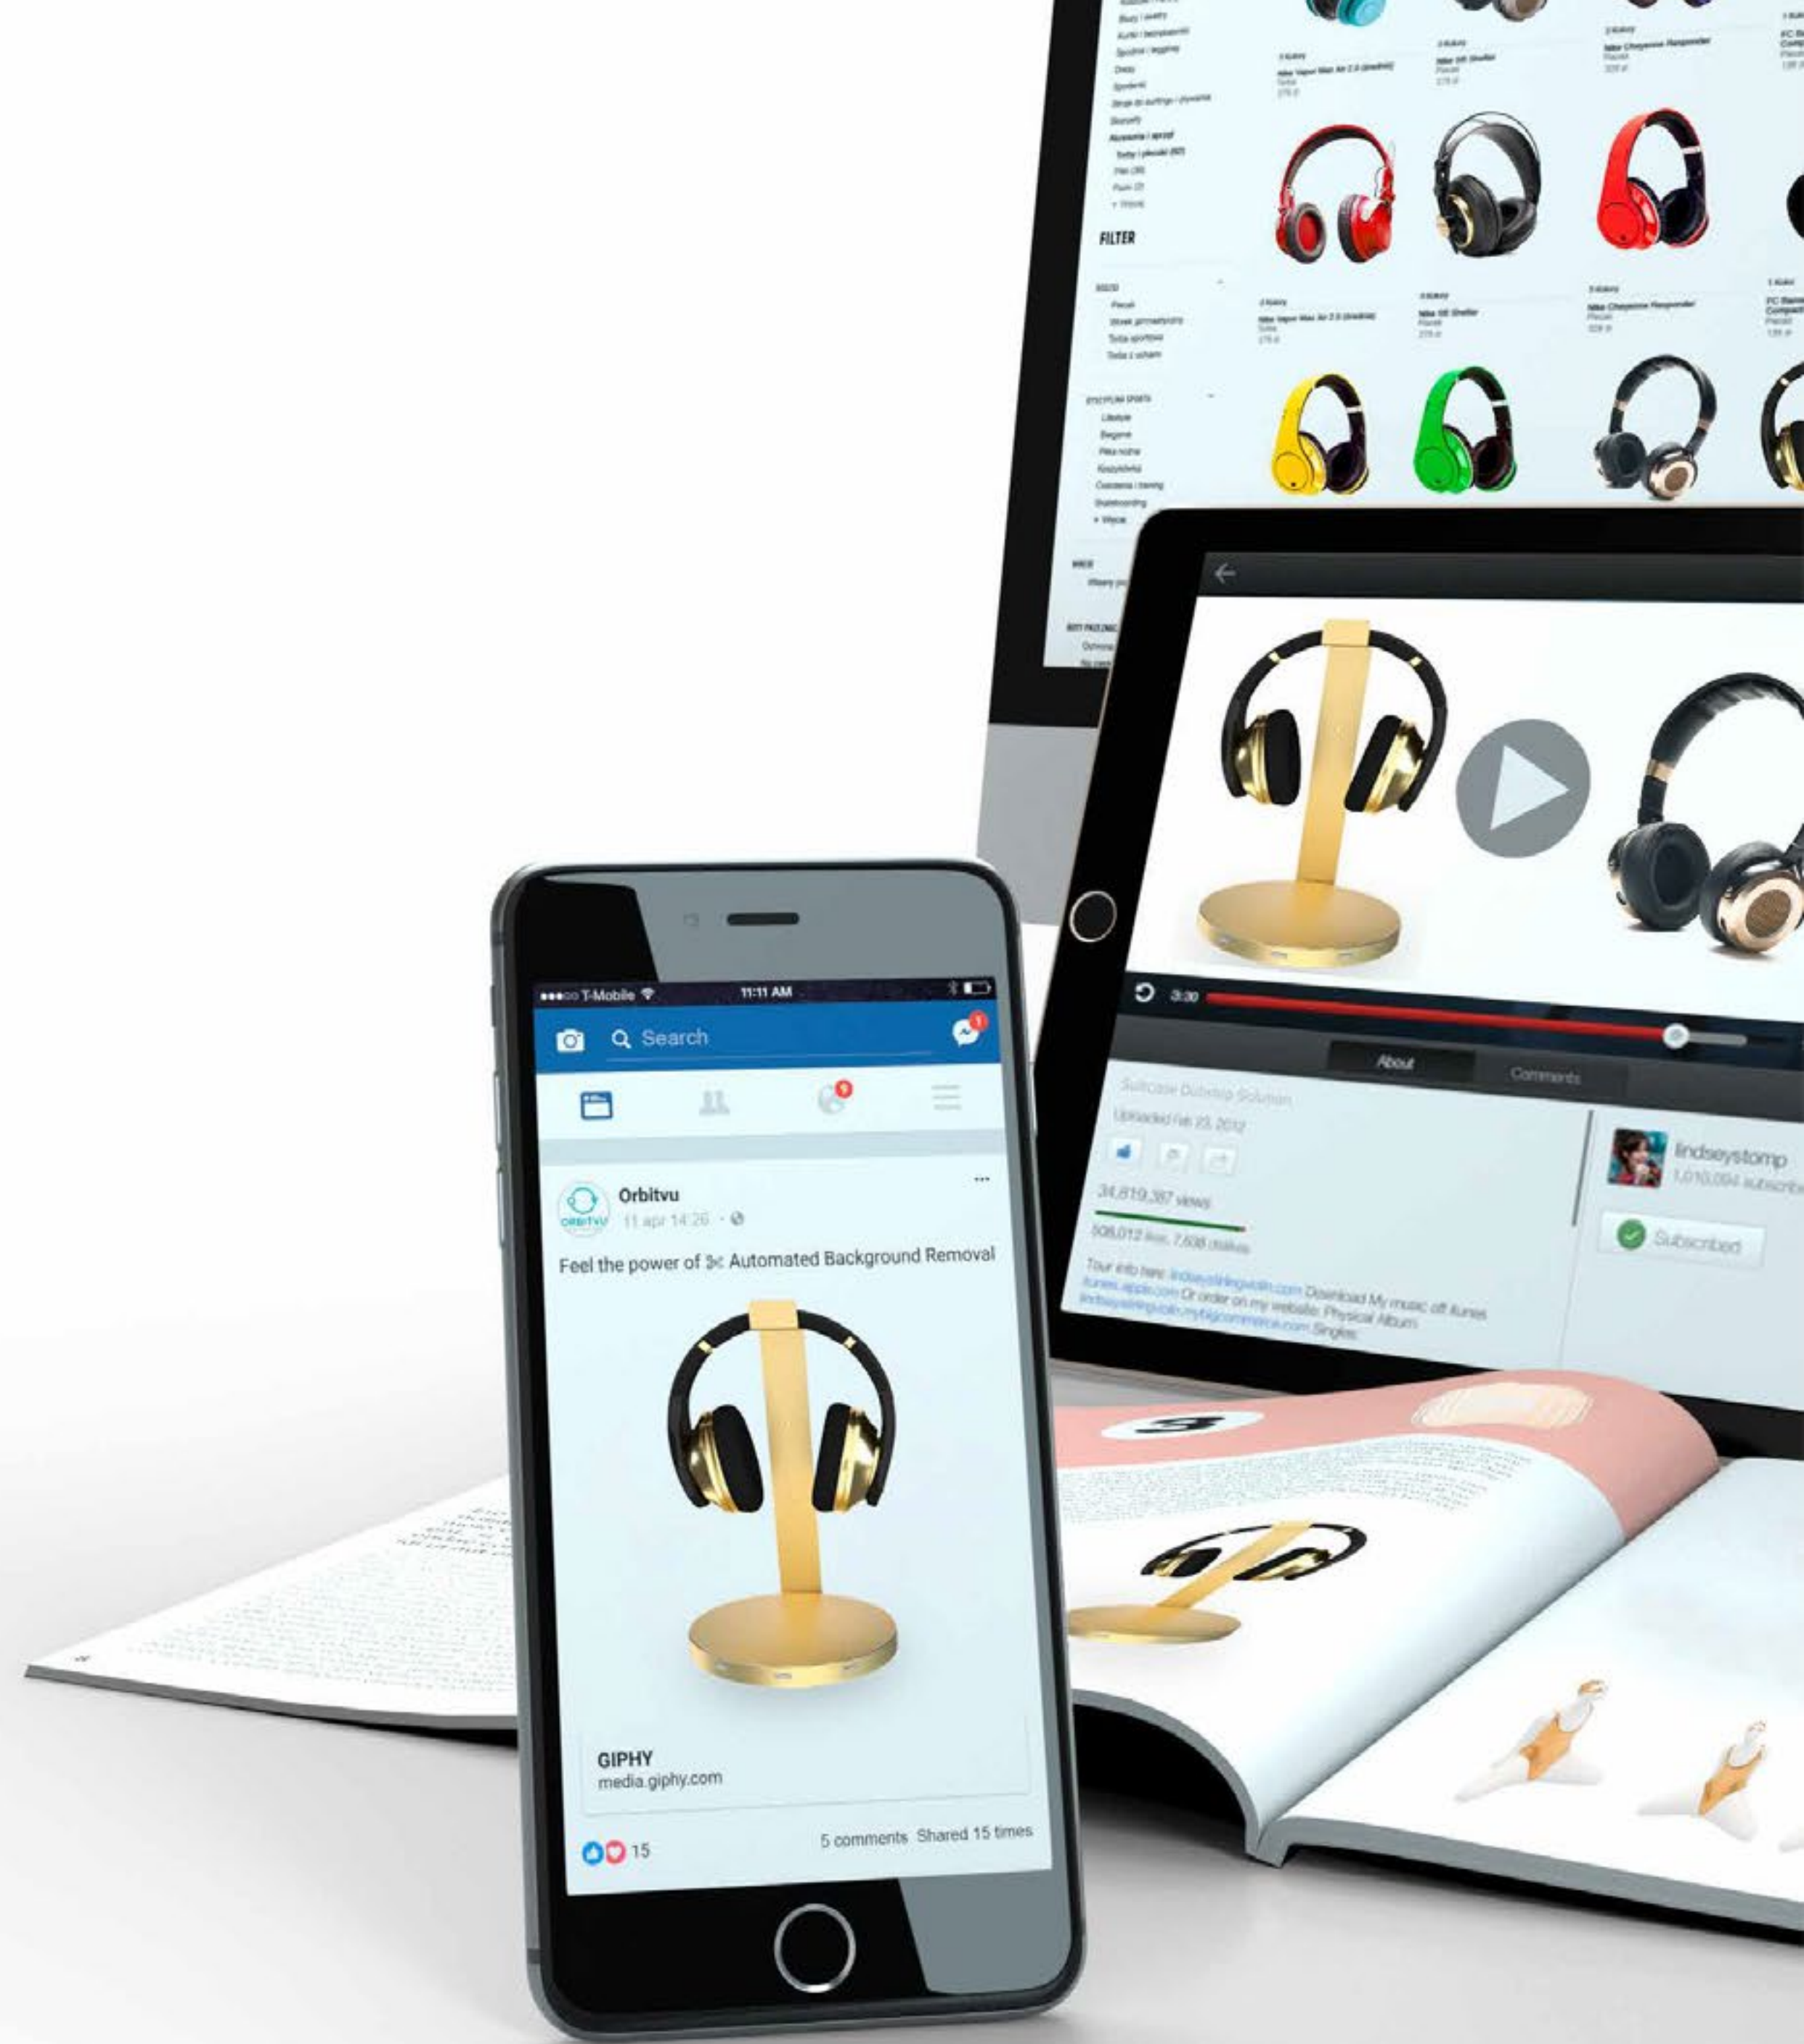

MULTIPLE RESULTS E-COMM AND ONLINE

Upload images directly to e-shop or to e-commerce acceleration cloud, reuse them for print or online marketing campaigns.

- Easy integration & flexible hosting plans
- 360° Orbittour - interactive product tours & hotspots
- Built in QR-code generator
- One-click upload to your e-shop with additional e-commerce plugins
- Compatible with latest web technologies

CREATE BETTER CONTENT CONSISTENTLY

StudioK helps you refine your brand style and maintain a consistently high image quality across your whole website, no matter how many products you publish.

With better content to browse, your customers can more easily focus on your products and make the right choice. Add to basket.

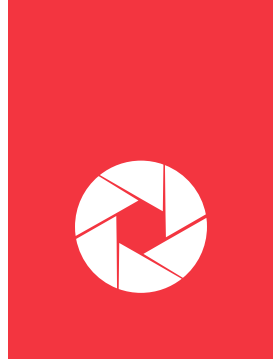

THE ART OF PRODUCT PHOTOGRAPHY

The era of online sales has deprived the customer of the opportunity to physically touch products. Visual presentation is therefore even more important than before.

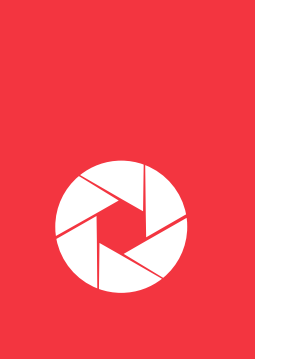

CUT COSTS INCREASE SALES SPEED UP WORKFLOW

Designed to be easy-to-use, efficient and versatile, for products ranging from small to large items and even live models. Equipped with oversized LED lighting, the ALPHASTUDIO XXL ensures quality photography results for print, web and other marketing use.

EFFICIENT EASY TO USE FLEXIBLE

Batch image capture and processing. Multi-view image capture by up to 5 cameras. Automatic background removal. Direct image upload to your e-shop. Web-ready photo in less than 3 sec.

Automatic 360° image capture. Predefined shooting profiles. Multi-camera support.
